Dove White

Designed in perfect harmony, with its elegant and chic plates, bowls and drinkware, the Dove Collection is a must-have for those who want to emphasize an understated effect. Made with Alumilite, this unique product has the same surface resistance as hard porcelain and the creamy color of soft porcelain. Porland is the first and only producer of Alumilite porcelain. With its solidified structure, transparency, high mechanical and surface strength Alumilite is the product you have been dreaming of.

Lykke

Inspired by the philosophy of gathering those precious moments of joy, being in the moment and sharing it with your loved ones. At Porland, we believe happiness comes from being perfectly in tune with nature, hence, Lykke contains natural textures, and minimalist designs, along with color harmonies that bear nature's positivity. Lykke's environmentally friendly manufacturing ensures we are giving back to nature, to continue to be inspired by its beauty.

Re-Gen

Our Re-Gen series comes to life through the recycling of porcelain shards that would otherwise be lost as waste. This step towards greater environmental responsibility has taken another successful leap forward in 2022 resulting in a line of 100% recycled product. Tons of broken pieces of kilned porcelain, misfits and non-standard choices are being recycled back into the production process to become true Porland Re-Gen products.

Seasons

Produced with the inspiration of Wabi-Sabi philosophy, the Seasons Collection features the colors of nature. While Wabi represents simplicity and naturality; Sabi represents the beauty of embracing imperfections that occur over time. The use of reactive glazes and hand painted edge patterns makes each piece in the Seasons Collection original and unique.
