SUSTAINABILITY & SOCIAL RESPONSIBILITY

Renew

Responsibly crafted from up-cycled rice hulls with the durability of wood and fully water resistant. The modern design of the collection seamlessly blends functionality, durability and environmental responsibility.

Cal-Mil is dedicated to advancing sustainability goals, mindfully overseeing the production process, and maintaining a traceable and ethical supply chain. Focused on three core areas, we strive to drive positive impact, with a central commitment to creating a better environment.

Mindful Sourcing

As manufacturers, we take the responsibility of choosing our raw goods seriously and with the planet in mind. We are keeping our promise to use wood that is recycled or to use sustainable species such as Bamboo, Oak, and Pine.

SUSTAINABLE FACTORIES & WORK PLACES

North American factories focus on efficient packaging and waste reduction, while our California office promotes electric vehicle use with charging stations and brand new solar electricity.

ELIMINATING HARMFUL WASTE

We are proud to make our own packaging boxes with minimal materials that fit our products perfectly to size. Corrugated waste is now repurposed, eliminating the use of non-biodegradable foam.

CLOSED LOOP SOLUTIONS

We now provide a closed loop solution for our wood, metal, and melamine products, transforming them into new creations. Simply send them back to us and we will take care of the rest!

RECYCLING

We achieve our sustainability goals by recycling 100% of plastic waste. Our recycling center sorts plastic leftovers from cut sheets, preventing any waste.
