

PORLAND

Designed with passion, manufactured with expertise

Dove White*

Designed in perfect harmony, with its elegant and chic plates, bowls and drinkware, the Dove Collection is a must-have for those who want to emphasize an understated effect. Made with Alumilite, this unique product has the same surface resistance as hard porcelain and the creamy color of soft porcelain.

Re-Gen

Our Re-Gen series comes to life through the recycling of porcelain shards resulting in a line of 100% recycled product. Tons of broken pieces of kilned porcelain, misfits and non-standard choices are being recycled back into the production process to become true Porland Re-Gen products.

*Covered by 5 Year Chip Edge Warranty

Performance and Quality

We want you to be as confident in our product as we are, which is why we stand behind Porland products with our 5-year edge chip warranty*. Applicable to Stoneware, Seasons, Dove and Bella White and Lykke collections of Porland products offered through Total Tabletop Plus.

Care and Handling Guidelines

Ceramic, Porcelain and Bone China dinnerware all require proper care to retain their value and beauty throughout its service life. Best handling practices include not heating over 400F, avoiding abrupt temperate changes from hot to cold or cold to hot, to reduce the risk of cracking from thermal shock. As well as proper stacking and storage in appropriate dish containers.

Most chipping and breakage happen due to misuse and improper handling in the dishwashing area. Our porcelain is highly durable, in most cases with reinforced rims, however rough handling must be avoided at all times.

Handling issues can typically be avoided through adequate staff training and reminders of proper handling techniques that include the following: Soiled dinnerware should be washed within 45 minutes of removal from the table and pre-rinsed. Avoid contact between china, dinnerware and metals. Do not use abrasive cleaning aids like scouring pads, steel wool etc. We recommend presoaking in 140–160-degree F water with a chlorine -free, acid free non-abrasive detergent for 10-20 minutes. Wash as soon as possible, by hand or using a commercial dishwasher with correctly sized pegged type plate racks to maximize water contact and utilizing appropriately sized racks for coffee and tea cups and bowls.

*Total Tabletop Plus warrants Porland products against edge chipping under normal usage conditions. The warranty is available only to the original party purchasing this product from one of our authorised distributors. Registration is required and we reserve the right to determine if the chipping is from normal usage. Failure to register will require proof of purchase when submitting a claim.
