FLAME FREE™ THERMO-URN™

Engineered to achieve true vacuum insulation that provides 6+ hours of heat retention with no external heat source. The **Flame Free™ Thermo-Urn's™** economical design significantly reduces labor and supply costs and has the potential to save you hundreds of dollars a year.

Features:

- Interior splash guard and foam insulated lid
- Brushed and polished finishes available in 1.5-, 3-, and 5-gallon capacities
- 18/8 stainless steel construction
- All bases are now 70% lighter, significantly lessing the load when transporting
- NSF listed spigot

Replacement Parts: Lid, lid knob, lid gasket, splash guard, handles, spigot, base, legs, wrench, bolt, gaskets

COLD BEVERAGE DISPENSER

Our **Cold Beverage Dispensers** feature a BPA-free Tritan™ plastic body that offers the appearance of glass and the durability of plastic. Finding the right base is up to you—choose either stainless or black plastic, or from four hydro-dipped patterns.

Features:

- Removable infuser and ice tube
- Self-storing containers
- NSF listed (stainless and black plastic)
- Dishwasher safe container

Replacement Parts: Infuser tube, black plastic spigot, stainless spigot, container, lid, ice tube

ECO-AIR® AIRPOTS

In 1999, the **Eco-Air®** line was the first full airpot line Service Ideas incorporated. A variety of sizes and finishes are still available today, and all are NSF certified. The exterior is extremely durable—just give the Eco-Air® a squeeze to feel the quality. Available with either glass or stainless vacuum insulation.

Features:

- Stainless lined (4-6 hour heat retention)
- Glass lined (6-8 hour heat retention)
- Fits our airpot cover-ups
- Thick, durable outer shell
- Triple wall construction

Replacement Parts: Lid, suction pipe, glass liner, gasket

The **Signa-Air Airpots** feature a stainless steel exterior, with either glass or stainless vacuum insulation. These durable airpots are great for convenience stores, hotel lobbies, break rooms, and other high-volume settings.

Features:

- Dent-resistant outer shell
- Stainless lined (4-6 hour heat retention)
- Glass lined (6-8 hour heat retention)
- Snap-on, self storing flavor indicators in four colors

Replacement Parts: Lever lid, suction pipe, glass liner, flavor indicator tabs

FLOW CONTROL CARAFE

The **Flow Control Carafe's** uniqueness comes from the ability to control how much liquid is dispensed. Set the gasket wide open for trained wait staff, or just slightly open for self-serve table service. Not only will it help with portion control, but also help control unnecessary spills.

Features:

- Patented lid design available in regular, decaf, and brew-thru
- NSF listed design is safe for dairy products
- Agion® coating suppresses bacteria growth on exterior

Replacement Parts: Lid (regular, decaf, brew-thru)

THERMO-PLATE® PLATTERS

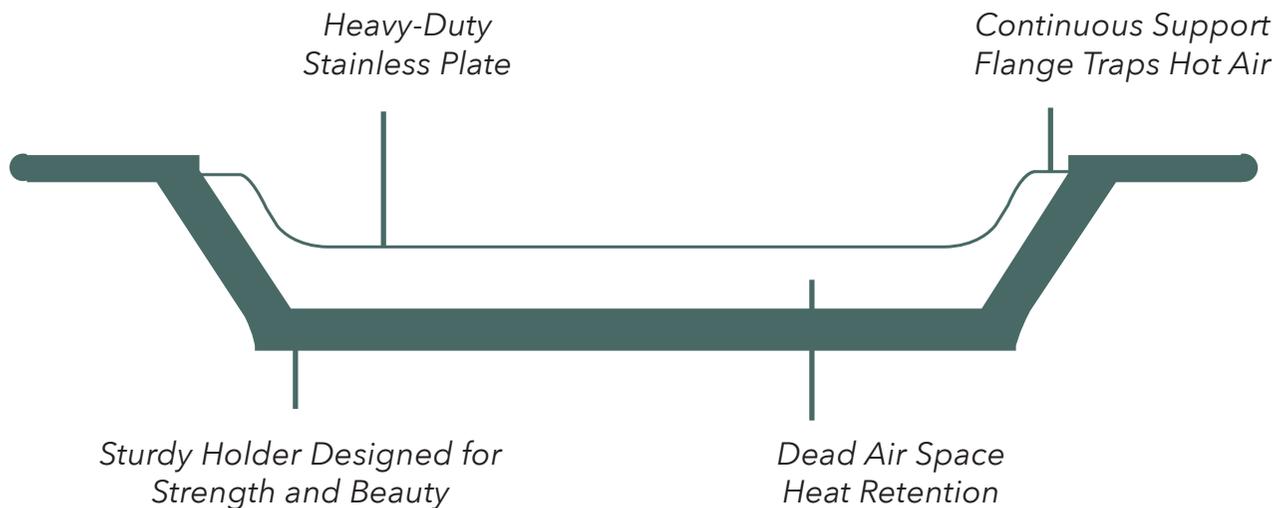

Sixty-eight years ago, we carried out the first sizzling plate of food on our patented **Thermo-Plate® Platters**. Table service has never been the same. Now, hot foods stay steamy, and cold foods stay chilled—even through dinner conversation.

Features:

- Lightweight construction for easy transporting
- Keeps hot food hot, and cold food cold
- Made in the USA

NON-SLIP SERVING TRAYS

Whether you're looking for a rectangle or circle tray, our **Non-Slip Trays** will meet your needs. Great whether you use them as a serving tool or for a nice presentation. All trays are made from 18/8 stainless steel and are stackable, for convenient storage.

Features:

- Stackable
- 18/8 stainless steel construction
- Non-slip surface
- Choice of removable or non-removable silicone surface

Replacement Parts: Removable rubber insert
