OUR IMPROVED UNDERBAR EQUIPMENT

Engineered With Functionality In Mind

John Boos® underbar equipment is engineered to improve quality, ease of installation, and efficiency within the foodservice industry. The 18GA type 300 stainless steel construction provides durability and features elements such as a uniform 1-1/4" wide backsplash, removable mounting faucet plate, pre-installed threaded inserts for speed rails, and much more. Every piece of equipment comes standard with stainless steel legs, bracing and adjustable bullet feet. Available in standard 21" wide or 18" slim-line widths to fit your specific project. Call the John Boos team of experts at (888) 431-2667 for a one-on-one discussion on how we can help quote your next project.

UNIQUE DESIGN FEATURES

Each piece of underbar equipment is uniquely designed to have a simplistic and efficient functionality. Throughout each product you will see the enhanced features that makes John Boos products your preferred choice for new underbar equipment. (Note: Each product includes unique design features that might not be listed below. Call (888) 431-2667 and speak to John Boos specialists for more information.)

REMOVABLE MOUNTING FAUCET PLATE

Allows for an ease of installation for all faucet and plumbing work.

REMOVABLE SODA LINE ACCESS PLATE

Easily run soda lines through the backsplash of your ice bins.

PRE-DRILLED ATTACHMENT HOLES

Securely attaches adjacent equipment together for a uniform underbar area.

PRE-INSTALLED THREADED INSERTS

Easy and secure installation for additional accessories such as speed rails, etc.

CHANNEL MOUNTED LEGS

Removable legs provide additional space to easily clean underneath the equipment.

UNDERBAR COMPARTMENT SINKS

Fabricated with 18GA 300 series stainless steel, these underbar compartment sinks exceed all modern underbar equipment standards. Available in a 3 or 4 compartment configuration to meet FDA required guidelines for properly washing tableware. These underbar compartment sinks are available in various sizes and can be purchased without drainboards or with a LH and RH drainboard. (Note: Not to be used for hand washing.)

FEATURES:

- 18GA 300 Series Stainless Steel
- 10"x14"x10" Deep Bowls With Corner Drains
- 4" O.C. Splash Faucet Holes With Removable Mounting Faucet Plate
- Bowls Are Fabricated, Not Deep Drawn
- Drainboard With Removable Perforated Insert
- Raised Marine Edge On Front And Sides
- Channel Mounted Stainless Steel Legs And Bracing With Adjustable Bullet Feet
- Includes Pre-Drilled Attachment Holes To Securely Attach Adjacent Equipment Together For A Uniform Underbar Area
- Includes "Z" Clips For Optional Wall Mounting/Securing
- Includes Overflow Stand Pipes (PB-OVF-BS)
- Requires Shallow Splash Mount Faucet (Sold Separately, PG. 14)
- Flexible Water Line Connectors Recommended With Shallow Mount Faucets (Sold Separately, PG. 14)
